

# ***Headquarters Air Combat Command***

---

## ***EMEDS and Ground Medical UTC Management***

**Capt Mike Bruhn  
ACC/SGXM**

**This Briefing is:  
UNCLASSIFIED**

---

# ***OVERVIEW***

- **What Is MEFPAK?**
- **MEFPAK Management History**
- **What Is ACC/SG's Role?**
- **What Are ACC/SG's Responsibilities?**
- **Where Are We Going?**

# ***What is MEFPAK?***

- **MEFPAK—Manpower and Equipment Force Packaging System.**
  - **Database/System that holds all Air Force UTCs**
  - **Think of this as the UTC capability menu**
- **Does Not Task or Identify Units**
- **Contains MISCAP, Manpower, and LOGDET Data on UTCs**

# ***MEFPAK Management History***

- **All MAJCOM/SGs had MEFPAK/UTC Management Responsibilities**
  - **ACC - 54, AMC - 43, PACAF - 19, AETC - 18  
AFMC - 12, AFSOC - 4, USAFE - 3, USAFA - 1,  
AFSPC - 1**
- **UTC Development and Maintenance**
  - **AFMAN 10-401, Vol 1, Operational Plan and Concept Plan Development and Implementation**
    - **Concept of Operations (CONOPS)**
    - **Mission Capability Statement (MISCAP)**
    - **Allowance Standards (AS)**
    - **Logistics Details (LOGDET)**

# ***ACC/SGs Role in MEFPAK***

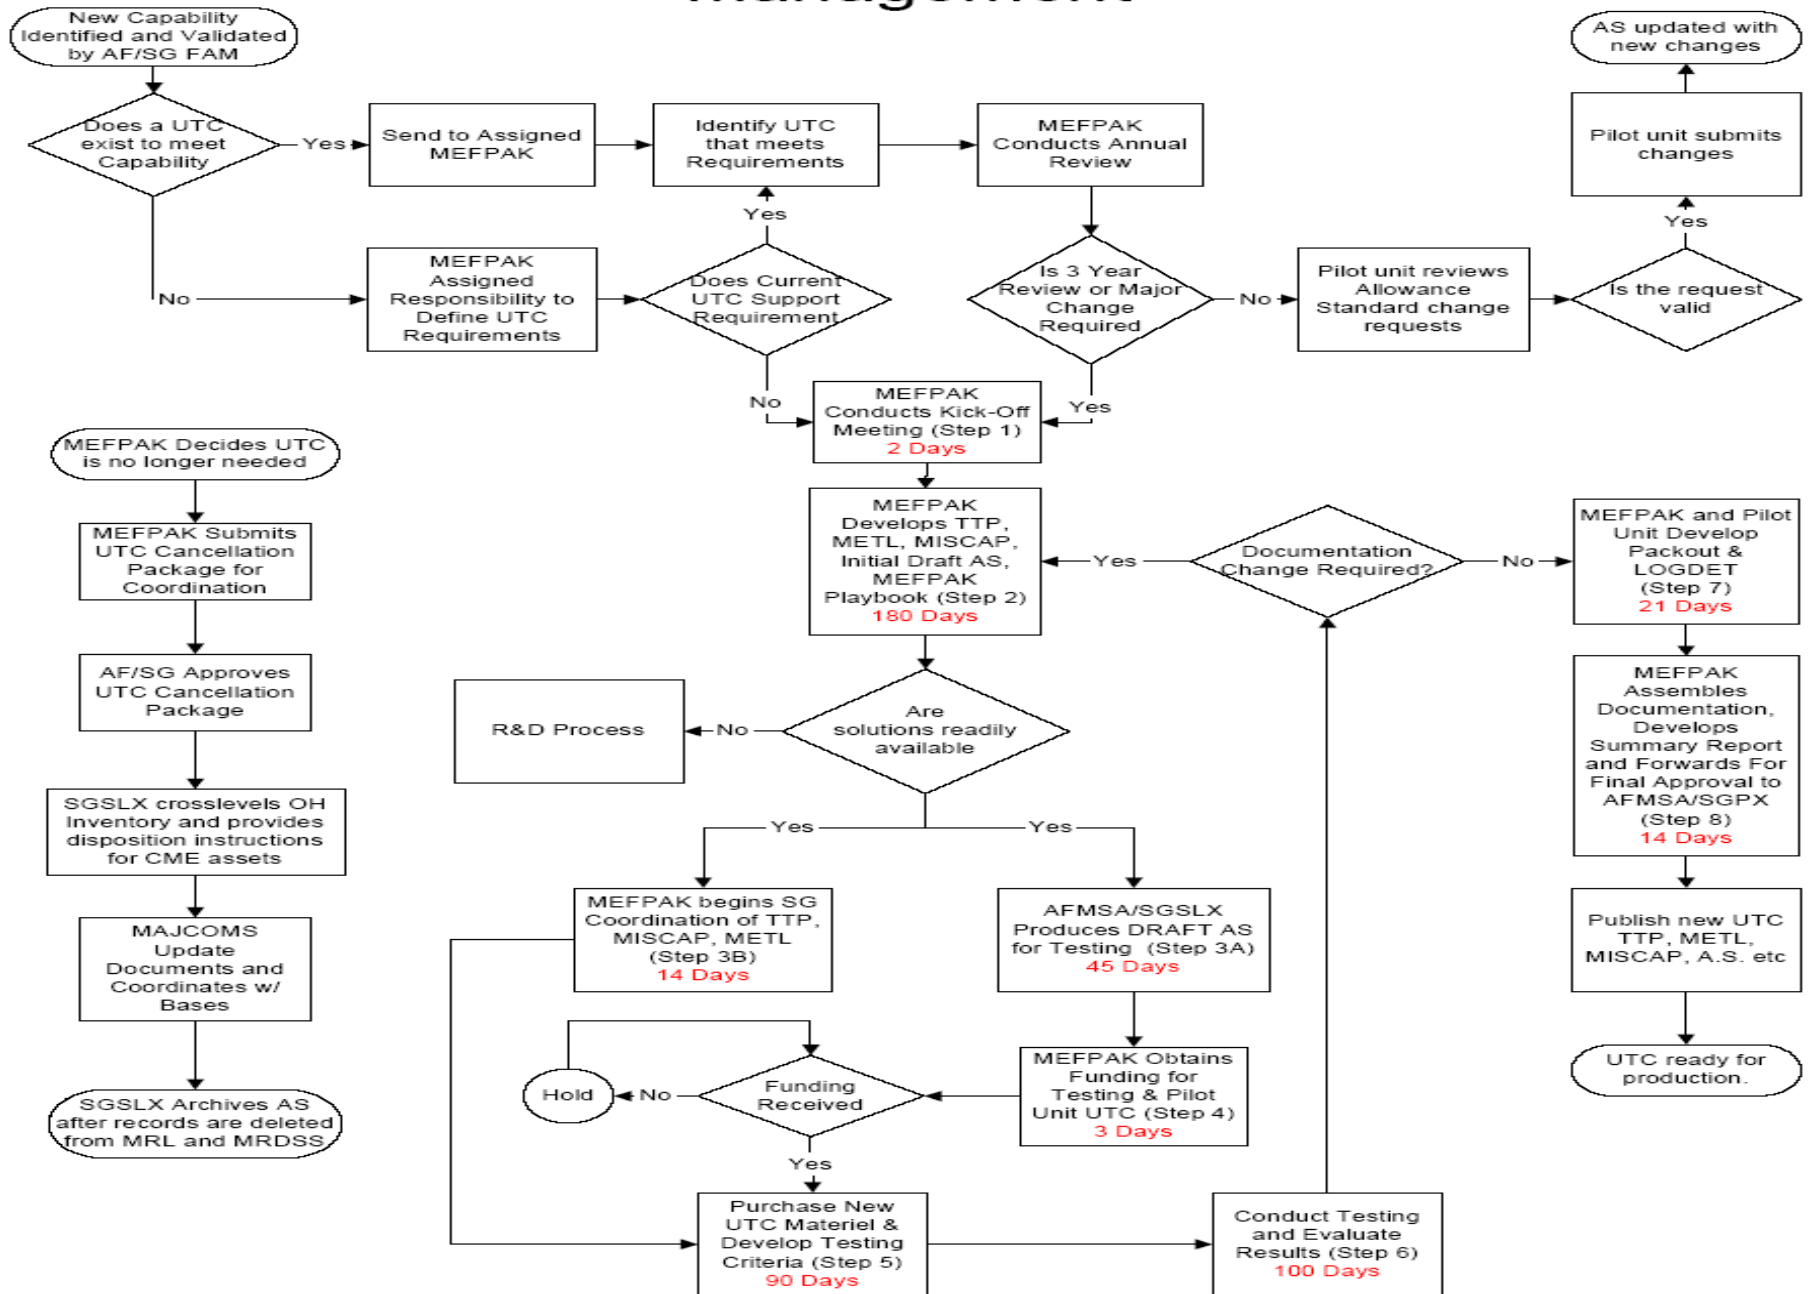

- **MEFPAK TRANSFORMATION**
  - **Directed by AF/SGO letter dated 22 Dec 2003**
    - **Air Staff Initiative to re-invigorate AFMS MEFPAK process**
  - **Re-aligned MEFPAKs with CAF/MAF and SOF**
  - **MEFPAK Management is Contractor Supported**
- **ACC MEFPAK Manager For All Ground Medical UTCs**
  - **ATC**
  - **EMEDS (SPEARR Thru Theater Hospital)**
  - **Blood**
  - **PAM/MNBC/BAT**
  - **Decon**

# ***ACC/SG's Responsibilities***

- **Maintain Approximately 112 UTCs**
- **Develop UTCs and Capabilities As Required to Meet Mission Requirements**
- **Develop UTC Playbooks**
  - **MISCAPs and Tactics, Techniques and Procedures (TTPs)**
  - **Personnel, METLs, and Training Plan**
  - **Allowance Standard**
  - **UTC Mission Assessment by Pilot Unit**
  - **Gap Analysis, Mission Needs Statement (MNS) and Operational Requirements Documents (ORDs)**
  - **Modernization Plan, FINPLAN, POM Input, 2020 dreams**

# Unit Type Code (UTC) Life Cycle Management

# ***Where Are We Going?***

- **BLOCK 11**

- Incorporates *minor* OEF/OIF Lessons Learned (low hanging fruit). Includes deletion of the SPEARR trailer, moving assets/personnel to earlier increments, as well as supply/equipment changes.

- **BLOCK 20**

- Establishes contagious patient, mass casualty and CBRNE unique treatment capability. Also moves to the emergent hub and spoke theater support concept.

# ***Where Are We Going?***

- **Expeditionary Decontamination Capability**
  - **Finishing LOGDET, PACKOUT, and Final Review End of Sept**
- **Medical NBC Capability**
  - **Currently in Procurement Process**
- **Preventive Medicine (PAM)**
  - **F-3 Exercise 7-10 Sept**
  - **TTP Approved by Gen Kelley Effective 15 Sept**
- **On-Going Collective Protection Work**
  - **CP Latrine**
  - **Bump Through Doors**

# ***What Can We Do with CCM?***

- **Look at UTCs FFHA2 and FFHA5**
- **Engage with Joint Shelter Program Office and Brooks**
- **Pull Together Team to Begin UTC Development Based on This Group's Recommendations**

# FFHA2

UTC: FFHA2

Title: MED INFECTIOUS DISEASE TEAM

Registration Change Date: 26-FEB-2001

Status: Standard

Responsible Command: ACC DEPID: 3 ULC: ELE

Manpower Change Date:

Authorized Total: 15 (Officers: 8 Enlisted: 7 Civilians: 0 Contractors: 0 Other: 0 )

UNCLASSIFIED

Mission Capability Statement

MISCAP Change Date: 23-DEC-2003
